Treasurer's Report: (Fred)

Fred provided a verbal report because he had computer problems. Since we didn't write and checks this month, the account balances were the same in the bank statement and the checkbook at \$855. 44. There was a \$25 account payable to Fred for reimbursement of his paying our \$25 Southern Region dues out of his pocket. There was an accounts receivable of \$25 from Aaron's penalty for missing the S/R meeting. The \$25 received from Aaron was paid to Fred, so the two accounts were a "wash."
