TOURNAMENTS:

2012 tournament schedule is posted on website

DNR is concerned with the increasing mortality rate of bass due to being held in weigh-in bags for extended periods during weigh-in. We should expect DNR to visit more club weigh-in operations this year and must make every effort to improve our weigh-in procedures where required.

There needs to be more discussion in regard to muster procedures (arrival & departure times/ boat safety inspections/lunker pot)

Meeting adjourned at 7:45PM
